We feel the responsibility towards our employees, suppliers and community to work towards the development of sustainable tourism.

Our goals are the following:

Here at the Leonardo Hotels & Resorts Mediterranean, we recognize the importance of helping the local industry by employing local people who will at the same time offer our customers the service as well as the knowledge of the local culture. Additionally, this will encourage local residents to stay within the community

Our target is to treat all staff fairly within the government regulations and laws that apply in the hotel industry. We evaluate employees' performance yearly and we organize training courses and frequent meeting that will keep both the employees and management in a constant communication.

2. Purchasing:

At the Leonardo Hotels & Resorts Mediterranean we evaluate our suppliers at the beginning of each season and throughout the year in order to achieve best quality results at all times. At the same time, we believe that opportunities should be given to services of local origin.

All suppliers must have compatible quality standards and qualification to be included in our lists (HACCP & Quality System). The aim is to monitor the continuous improvement of their performance.

When buying products, we look for and choose at least one of those which are:

Additionally, the hotel organizes various charity events within the property by allowing free use of conference room, animal welfare, donation for illness personnel, offering catering for Local Municipality parties, etc.
